Incorporation of para-cycling into the cycling family.

Dear Sir/Madam,

Following the decision taken by the UCI and the International Paralympic Committee (IPC) to transfer the governance of para-cycling (formerly 'cycling for riders with a disability') from the IPC to our Federation, the UCI shall henceforth take over, from 1 January 2007, the management and development of this discipline world wide.

In this context, we invite you to integrate para-cycling into your structures. You will thus act as our point of contact for all issues relating to para-cycling in your country.

To aid you in the integration process, we have published a document to answer any questions you might reasonably ask. It is our pleasure to enclose a copy with this letter.

The UCI is entirely at your disposal for any further information you may require, and would like to thank you in advance for the warm welcome you will extend to this new discipline.

Yours faithfully,

Pat McQuaid
President
